When choosing a dumpster location:

- Avoid areas near pedestrian walkways or automobile traffic
- Leave the required space of at least 100 feet in length for dumpster drop-off
- Select a level surface, free of debris and obstructions like low hanging wires or tree branches
- Mark area where dumpster is to be placed

To prepare for dumpster pickup:

- Ensure items in your dumpster are evenly distributed and not sticking out of the top
- Do not exceed the maximum dumpster capacity allowed (10 tons)

On service day(s):

- Be assessable by phone in case the delivery driver has questions/concerns about the delivery
- Move parked vehicles or other obstacles that may prevent access to your dumpster
- Make sure gates are unlocked or provide our driver with a key or code to gain access to the service area
- Remove tarp that's been added to protect your dumpster from inclement weather

Reminder:

Extra fees will be charged for the following:

- All unaccepted items found in the dumpster (items listed in contract)
- If dumpster has to be moved after it has been delivered
- Tonnage exceeding the 3.5 tons included with the rental
